National Network of Libraries of Medicine: Health Literacy

Organization: National Network of Libraries of Medicine (NNLM)

This NNLM website provides an overview of health literacy and the impact of low health literacy. It also outlines the role of the consumer health librarian in developing easy-to-read materials and access to technology to support patients with low health literacy. Lastly, the website provides links to other health literacy resources.

- **Topic Areas:** [Health Literacy](http://diversityrx.org/topic-areas/language-access/health-literacy) [2], [Language Access](http://diversityrx.org/topic-areas/language-access) [3]

- **Resource Type:** [Website](http://diversityrx.org/resource-type/tool/website) [4], [Tool](http://diversityrx.org/resource-type/tool) [5]
